FISCAL ANALYSIS

ASSUMPTION

DISPLAY OF PLACARDS REGARDING POOL TABLES (Section 318.100);

In response to a previous version of this proposal, officials from the **Department of Public Safety - Fire Safety (DFS)** stated that assuming their agency will not be responsible for the enforcement of this legislation, DFS anticipates no fiscal impact.

In response to a previous version of this proposal, officials from **Greene County** assumed this proposal would not fiscally impact their agency.

In response to similar legislation from this year, officials from the **City of St. Joseph** assumed this proposal would not fiscally impact their agency.

MISSOURI STATE BOARD OF ACCOUNTANCY (Section 326.256 - 326.292);

Officials from the **Department of Economic Development - Division of Professional Registration**, indicate this proposal would have no fiscal impact on their agency.

Officials from **Office of the Secretary of State (SOS)** assume the Department of Economic Development - State Board of Accountancy would promulgate rules to implement this proposed legislation. These rules would be published in the *Missouri Register* and the *Code of State Regulations*. Based on experience with other divisions, the rules, regulations and forms issued by the State Board of Accountancy could require as many as 24 pages in the *Code of State Regulations*. For any given rule, roughly half again as many pages are published in the **Missouri Register** as in the *Code of State Regulations* because cost statements, fiscal notes and the like are not repeated in the code. The estimated cost of a page in the *Missouri Register* is \$23.00. The estimated cost of a page in the *Code of State Regulations* is \$27.00. The actual costs could be more or less than the estimated amount of \$1,476. The impact of this legislation in future years is unknown and depends on the frequency and length of rules file, amended, rescinded or withdrawn.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations a substantial costs, the SOS could request funding through the appropriation process. Any decisions to raise fees to defray costs would like be made in subsequent fiscal years.

ASSUMPTION (continued)

MISSOURI STATE BOARD OF NURSING (Section 335.016);

Officials from the **Department of Economic Development - Division of Professional Registration** state that this proposed legislation would have no effect on their agency.

<u>FISCAL IMPACT - State Government</u>	FY 2003 (10 Mo.)	FY 2004	FY 2005

FISCAL IMPACT - Small Business

Small businesses that have billiard tables may need to replace their informational signs to conform with this proposal.

DESCRIPTION

This proposal requires that all minor consent placards displayed in pool halls be printed in at least 10 point type.

This proposed legislation also allows temporary practice in this state by accountants from an outside state whose work in this state is incidental to their regular representation of a client.

The proposal also separates higher competency requirements for supervising attest services from the requirements for supervising review and compilation services. The requirement of a peer review of an accountant's license is limited to accounting firms, as is the issuance of review and compilation services. DESCRIPTION (continued)

The board may also act, by rule, to permit licensed accountants to perform certain services on a contingency fee basis.

This proposed legislation makes technical changes to bring the definition provisions on nursing up to date. The proposal also removes the requirement that the Executive Director of the State Board of Nursing be a registered nurse.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
